

STATE OF WASHINGTON  
**DEPARTMENT OF VETERANS AFFAIRS**  
*Washington Soldiers Home and Colony*

September 26, 2022

Dear Residents, Families, and Resident Representatives,

These letters are sent to provide you with up-to-date information on the COVID-19 status in our Home, and meet the notification requirements of CMS and L&I.

We are working closely with the Tacoma Pierce County Health Department, Centers for Disease Control, Centers for Medicare and Medicaid Services (CMS), and our State Department of Health and following their guidance and recommendations to ensure we are safeguarding our residents and staff.

**Resident COVID-19 Cases**

<b>Date of 1<sup>st</sup> Resident Case in Current Outbreak</b>	<b>New Resident Cases Since Last Report</b>	<b>Total Cases in Current Outbreak</b>	<b>Wings with Positive Residents</b>
09/08/2022	0	18 Positive	Wing 3 and 4

**\*As of 09/25/22 – 11 residents have recovered.**

**Staff COVID-19 Cases**

<b>Date of 1<sup>st</sup> Staff Case in current Outbreak</b>	<b>New Staff Cases</b>	<b>Total Cases in Current Outbreak</b>	<b>Staff Testing Frequency</b>
04/23/2022	1	48	Twice per week

\*Current staff outbreak status will continue until twenty-eight days have passed from the first staff positive result for the current outbreak.

**Modifications to Visitation, Group Activities, and Dining Rooms:**

- In-person visits are allowed but we do ask that you wear a mask in common areas, only visit with the person you are here to visit and stay in the resident room or outside of the nursing building while visiting to limit any possible exposure.
- Dining rooms and group activities are not currently affected for residents on wings 1, and 2. We are encouraging residents on wing three to stay on the unit.
- We will continue to monitor and test residents according to the guidance from our local health jurisdiction.
- For the safety of the visitor, in general, residents/patients are encouraged to limit in-person visitation while they are infectious. There is a risk that you contract COVID-19. While visiting only visit the resident/patient room. Minimize time spent in other locations in the facility.

- Visitors should not visit the facility until 10 days from COVID-19 illness. Visitors not up to date with COVID-19 vaccines should not visit the facility until 10 days from COVID-19 exposure, or 7 days with a negative test.

## VACCINE INFORMATION

As a part of our continued efforts to curb the spread of the COVID-19 virus, we continue to offer vaccination boosters to staff and residents who wish to receive the vaccine booster. We encourage all residents, staff, and community members who are able and eligible to be vaccinated to consider getting vaccinated for COVID-19 and if vaccinated consider getting the booster.

To provide information as quickly and accurately as possible, we have developed a website to provide information to families and resident representatives, <https://www.dva.wa.gov/covid>.

Sincerely,

Robert Pence, Administrator
